Subject/Title Index, Volume 12*

A

Acromioclavicular joint
- A cadaveric study examining acromioclavicular joint congruity after different methods of coracoclavicular loop repair (Baker et al). 2003: 12;595–8
- Grade I and II acromioclavicular dislocations: results of conservative treatment (Moushine et al). 2003:12;599–602
- Ligamentous anatomy of the distal clavicle (Renfree et al). 2003;12:355–9
- Relationship between os acromiale and acromioclavicular joint anatomic position (Gumina et al). 2003;12:6–8
- Stabilization of acute, complete acromioclavicular joint dislocations with a new C hook implant (Ryhänen et al). 2003;12:442–55

Acromion
- Acromial spur formation in patients with rotator cuff tears (Chambler et al). 2003;12:314–21

Acromioplasty
- Open anterior acromioplasty with preservation of the coracoacromial ligament: a modified surgical technique (Torrens et al). 2003;12:9–14

Adrenal cortex hormones
- Subacromial infection following corticosteroid injection (Hiemstra et al). 2003;12:91–3 (Case rep.)

American Shoulder and Elbow Surgeons
- The measurement of normative American Shoulder and Elbow Surgeons scores (Sallay and Reed). 2003:12;622–7
- Warning: pulmonary embolism can occur after elective shoulder surgery—report of 2 cases and survey of the members of the American Shoulder and Elbow Surgeons (Rockwood et al). 2003:12;628–30 (Case rep.)

Anatomic note
- Coracobrachialis brevis: anatomic anomaly (Sugalski et al). 2003;12:306–7

Anesthesia and analgesia
- Evaluation of an anesthetic pump for postoperative care after shoulder surgery (Quick and Guanche). 2003:12;618–21

Arthritis, rheumatoid
- Reoperation rate after elbow synovectomy in rheumatoid arthritis (Mäenpää et al). 2003; 12:480–3

Arthrodesis
- Arthrodesis as a salvage procedure for recurrent instability of the shoulder (Diaz et al). 2003;12: 237–41
- Total shoulder arthroplasty after attempted shoulder arthrodesis; report of three cases (Sperling and Cofield). 2003;12:302–5 (Case rep.)

Arthrography
- Sonographic versus magnetic resonance arthrographic evaluation of full-thickness rotator cuff tears in millimeters (Kluger et al). 2003;12: 110–16

Arthroplasty, replacement
- A comparison of hemiarthroplasty and total shoulder arthroplasty in the treatment of primary glenohumeral osteoarthritis: results of a multicenter study (Edwards et al). 2003;12:207–13
- Displaced intracondylar fracture of the humerus during total elbow replacement: a case report (Khatri and Broome). 2003;12:185–7 (Case rep.)
- The distribution of shoulder replacement among surgeons and hospitals is significantly different than that of hip or knee replacement (Hasan et al). 2003;12:164–9
- Does keel size, the use of screws, and the use of bone cement affect fixation of a metal glenoid implant? (Bicknell et al). 2003;12:268–75
- The effect of total shoulder arthroplasty on self-assessed health status is comparable to that of total hip arthroplasty and coronary artery bypass grafting (Boorman et al). 2003; 12:158–63
- Glenohumeral relationship in the transverse plane of the body (De Wilde et al). 2003;12:260–7
- Impaction grafting improves fit of uncemented humeral arthroplasty (Hacker et al). 2003;12: 431–5
- The kinematic elbow axis as a parameter to evaluate total elbow replacement: a cadaver study of the iBP Elbow System (Stokdijk et al). 2003;12: 63–8
- Kinematics and functional characteristics of the Pritchard ERS unlinked total elbow arthroplasty (Ramsey et al). 2003;12:385–9
- Loss of subscapularis function after total shoulder replacement: a seldom recognized problem (Miller et al). 2003;12:29–34
- A prospective functional outcome of shoulder arthroplasty for osteoarthritis with an intact rotator cuff (Orfaly et al). 2003;12:214–21
- Shoulder arthroplasty in nontraumatic osteonecrosis of the humeral head (Parsch et al). 2003;12: 226–30
- Total shoulder arthroplasty after attempted shoulder arthrodesis; report of three cases (Sperling and Cofield). 2003;12:302–5 (Case rep.)
- Ulnar component fracture after revision total elbow arthroplasty with proximal ulnar bone loss: a

*January/February, pp. 1-104; March/April, pp. 105-206; May/June, pp. 207-308; July/August, pp. 309-412; September/October, pp. 413-528; November/December, pp. 529-674.

report of 2 cases (Shafer et al). 2003;12:297–301 (Case rep.)

Arthroscopy
Arthroscopic Bankart reconstruction with a bioabsorbable anchor (Barber et al). 2003:12;535–8
Arthroscopic reduction and internal fixation of a greater tuberosity fracture of the shoulder: a case report (Bonsell and Buford). 2003;12:397–400 (Case rep.)
Arthroscopic resection of the common extensor origin: anatomic considerations (Smith et al). 2003;12:375–9
Arthroscopic synovectomy for the management of shoulder arthropathy in chronic renal dialysis patients (Coleman et al). 2003;12:144–7
Failure of polymerized lactic acid tacks in shoulder surgery (Wilkerson et al). 2003;12:117–21
A 4-portal arthroscopic stabilization in posterior shoulder instability (Goubier et al). 2003;12:337–41
Glenohumeral joint translation after arthroscopic thermal capsuloplasty of the posterior capsule (Selecky et al). 2003;12:242–6
Glenohumeral joint translation after arthroscopic thermal capsuloplasty of the rotator interval (Selecky et al). 2003;12:139–43
A prospective arthroscopic study of acute first-time anterior shoulder dislocation in the young: a 5-year follow-up study (te Slaa et al). 2003:12;529–34

Atrophy, muscle; *see* Muscular atrophy
Autograft; *see* Transplantation, autologous

B

Balser plate
Balser plate stabilization: an alternate therapy for traumatic sternoclavicular instability (Franck et al). 2003;12:276–81

Bankart procedure
Arthroscopic Bankart reconstruction with a bioabsorbable anchor (Barber et al). 2003:12;535–8
Results of suture anchor repair of anteroinferior shoulder instability: a prospective clinical study 85 shoulders (Pötzl et al). 2003;12:322–6

Baseball
Persistence of the olecranon physis in baseball players: results following operative management (Charlton and Chandler). 2003;12:59–62

Belly-press test
The belly-press test for the physical examination of the subscapularis muscle: electromyographic validation and comparison to the lift-off test (Tokish et al). 2003;12:427–30

Biceps brachii
Rupture of the distal biceps brachii tendon: isokinetic power analysis and complications after anatomic reinsertion compared with fixation to the brachialis muscle (Klonz et al). 2003:12;607–11

Biceps tendon
EndoButton-assisted repair of distal biceps tendon ruptures (Greenberg et al). 2003;12:484–90
Surgical treatment of partial distal biceps tendon ruptures through a single posterior incision (Kelly et al). 2003;12:456–61

Bone neoplasms
Shoulder girdle neoplasms mimicking frozen shoulder syndrome (Robinson et al). 2003;12:451–5

Bone resorption
Stress shielding and bone resorption in shoulder arthroplasty (Nagels et al). 2003;12:35–9

Bone transplantation
Impaction grafting improves fit of uncemented humeral arthroplasty (Hacker et al). 2003;12:431–5
Surgical management of diaphyseal humeral nonunion after intramedullary nailing: wave-plate fixation and autologous bone grafting without nail removal (Gerber et al). 2003;12:309–13

Bone tuberculosis; *see* Tuberculosis, osteoarticular

Bone wires
Surgical technique for supracondylar fracture of the humerus with percutaneous leverage pinning (Sawaizumi et al). 2003:12;603–6

Brachialis muscle
Rupture of the distal biceps brachii tendon: isokinetic power analysis and complications after anatomic reinsertion compared with fixation to the brachialis muscle (Klonz et al). 2003:12;607–11

Bullet removal
Endoscopic removal of a bullet from the scapulothoracic space (Proctor and Stanert). 2003;12:89–90 (Case rep.)

C

Capitulum humeri
Two cases with osteochondritis dissecans of the capitulum humeri with costal osteochondral graft transplantation (Sato et al). 2003;12:403–7 (Case rep.)

Capsular shift, anterior
Anterior capsular shift volume reduction: an in vitro comparison of 3 techniques (Miller et al). 2003;12:350–4

Capsulolabrum
The collagen fibers of the anteroinferior capsulolabrum have multiaxial orientation to resist shoulder dislocation (Debski et al). 2003;12:247–52

Capsuloplasty
Glenohumeral joint translation after arthroscopic thermal capsuloplasty of the posterior capsule (Selecky et al). 2003;12:242–6
Glenohumeral joint translation after arthroscopic thermal capsuloplasty of the rotator interval (Selecky et al). 2003;12:139–43

Cartilage, articular
Glenohumeral articular cartilage changes in rotator cuff disease (Feeney et al). 2003;12:20–3

Two cases with osteochondritis dissecans of the capitulum humeri with costal osteochondral graft transplantation (Sato et al). 2003; 12:403–7 (Case rep.)

Case reports

Arthroscopic reduction and internal fixation of a greater tuberosity fracture of the shoulder: a case report (Bonsell and Buford). 2003;12: 397–400

A case of locking shoulder caused by longitudinal rotator cuff tear (Horii et al). 2003;12:514–16

A case of osteocartilaginous mass involving the coronoid process of the ulna: solitary osteochondroma or dysplasia epiphysealis hemimelica (Takeuchi et al). 2003;12:510–13

Delayed repair of a pectoralis major tendon rupture with allograft: a case report (Joseph et al). 2003;12:101–4

Displaced intracondylar fracture of the humerus during total elbow replacement: a case report (Khatri and Broome). 2003;12:185–7

Endoscopic removal of a bullet from the scapulothoracic space (Proctor and Stanert). 2003;12: 89–90

Entrapment of the ulnar nerve in heterotopic ossification of the elbow: a case report (Gallucci et al). 2003:12;637–40

Excision of comminuted distal humeral lateral condyle fractures: a report of two cases (Ferlic and Lee). 2003;12:188–92

Extradigital glomus tumor of the triceps tendon as a cause of elbow pain: a case report (Tomak et al). 2003;12:401–2

Fatigue failure of a shoulder hemiarthroplasty stem: a case report (Zuckerman et al). 2003:12; 635–6

Intraarticular osteoid osteoma of the proximal humerus: a case report (Miller et al). 2003;12: 94–6

Nonunion of a humeral shaft fracture after unrecognized longstanding posterior shoulder dislocation (Pater and Ziegler). 2003:12;631–4

Parosteal fasciitis of the scapula (Marui et al). 2003;12:408–10

Posterior shoulder dislocation with lesser tuberosity and scapular spine fractures (Hayes et al). 2003;12:524–7

Proximal translation of the radius following arthroplasty of the distal radioulnar joint in Hajdu-Cheney syndrome (Fujioka et al). 2003;12:97–100

Recurrent rupture of the triceps tendon repaired with hamstring tendon autograft augmentation: a case report and repair technique (Weistroffer et al). 2003;12:193–6

Stress fracture of the first rib in a soccer player: a rare etiology of shoulder pain (Matsumoto et al). 2003;12:197–9

Subacromial infection following corticosteroid injection (Hiemstra et al). 2003;12:91–3

Subacromial lipoma causing impingement syndrome of the shoulder: a case report (Relwani et al). 2003;12:202–3

Subdeltoid approach for removal of large soft-tissue lesions beneath the deltoid muscle: report of two cases (Tamai et al). 2003;12:520–3

Syringomyelic neuropathic ulcer of the elbow: treatment with and external fixator (Yeap and Wallace). 2003;12:506–9

Tophaceous gout of the rotator cuff: a case report (O'Leary et al). 2003;12:200–1

Total shoulder arthroplasty after attempted shoulder arthrodesis; report of three cases (Sperling and Cofield). 2003;12:302–5

Two cases with osteochondritis dissecans of the capitulum humeri with costal osteochondral graft transplantation (Sato et al). 2003; 12:403–7

Ulnar component fracture after revision total elbow arthroplasty with proximal ulnar bone loss: a report of 2 cases (Shafer et al). 2003;12:297–301

Unstable nonunion of the scapula: a case report (Charlton et al). 2003;12:517–19

Warning: pulmonary embolism can occur after elective shoulder surgery—report of 2 cases and survey of the members of the American Shoulder and Elbow Surgeons (Rockwood et al). 2003:12;628–30

Child

Tuberculosis of the elbow in children (Dix-Peek et al). 2003;12:282–6

Clavicle

The bony anatomy of clavicular malunions (Edelson). 2003;12:173–8

Clinical outcome of the treatment of floating shoulder by osteosynthesis for clavicular fracture alone (Hashiguchi and Ito). 2003:12;589–91

Ligamentous anatomy of the distal clavicle (Renfree et al). 2003;12:355–9

Optimizing the radiographic technique in clavicular fractures (Sharr and Mohammed). 2003;12: 170–2

A safe zone for resection of the medial end of the clavicle (Bisson et al). 2003:12;592–4

Simple, minimally invasive surgical technique for treatment of type 2 fractures of the distal clavicle (Levy). 2003;12:24–8

Collateral ligaments

Elbow joint stability following experimental osteoligamentous injury and reconstruction (Deutch et al). 2003;12:466–71

Ligamentous anatomy of the distal clavicle (Renfree et al). 2003;12:355–9

The pathoanatomy of lateral ligamentous disruption in complex elbow instability (McKee et al). 2003;12:391–6

Surgical reconstruction for posterolateral rotatory instability of the elbow (Lee and Teo). 2003; 12:476–9

Coracoacromial ligament

Coracoacromial ligament tension in vivo (Chambler et al). 2003;12:365–7

Open anterior acromioplasty with preservation of the coracoacromial ligament: a modified surgical technique (Torrens et al). 2003;12:9–14

Coracobrachialis muscle
Coracobrachialis brevis: anatomic anomaly (Sugalski et al). 2003;12:306–7 (Anatomic note)

Coracoclavicular ligament
A cadaveric study examining acromioclavicular joint congruity after different methods of coracoclavicular loop repair (Baker et al). 2003:12;595–8

Correspondence; *see* Letters to the editor

Corticosteroids; *see* Adrenal cortex hormones

Cubitus varus
Three-dimensional corrective osteotomy for cubitus varus in adults (Chung and Baek). 2003;12:472–5

D

Deltoid muscle
Subdeltoid approach for removal of large soft-tissue lesions beneath the deltoid muscle: report of two cases (Tamai et al). 2003;12:520–3 (Case rep.)

Diabetes mellitus, insulin-dependent
Rotator cuff repair in patients with type I diabetes mellitus (Chen et al). 2003;12:416–21

Dialysis arthropathy
Arthroscopic synovectomy for the management of shoulder arthropathy in chronic renal dialysis patients (Coleman et al). 2003;12:144–7

Dislocations
Elbow joint stability in relation to forced external rotation: an experimental study of the osseous constraint (Deutch et al). 2003;12:287–92

Dysplasia epiphysealis hemimelica
A case of osteocartilaginous mass involving the coronoid process of the ulna: solitary osteochondroma or dysplasia epiphysealis hemimelica (Takeuchi et al). 2003;12:510–13 (Case rep.)

E

Eden-Hybbinette technique
Long-term clinical and radiologic results after Eden-Hybbinette operation for anterior instability of the shoulder (Rahme et al). 2003;12:15–19

Elbow
Displaced intracondylar fracture of the humerus during total elbow replacement: a case report (Khatri and Broome). 2003;12:185–7 (Case rep.)
Elbow joint stability in relation to forced external rotation: an experimental study of the osseous constraint (Deutch et al). 2003;12:287–92
Entrapment of the ulnar nerve in heterotopic ossification of the elbow: a case report (Gallucci et al). 2003:12;637–40 (Case rep.)
Excision of comminuted distal humeral lateral condyle fractures: a report of two cases (Ferlic and Lee). 2003;12:188–92 (Case rep.)
Extradigital glomus tumor of the triceps tendon as a cause of elbow pain: a case report (Tomak et al). 2003;12:401–2 (Case rep.)
Intra-articular fluid volume and restricted motion in the elbow (McGuigan and Bookout). 2003;12:462–5
The kinematic elbow axis as a parameter to evaluate total elbow replacement: a cadaver study of the iBP Elbow System (Stokdijk et al). 2003;12:63–8
Kinematics and functional characteristics of the Pritchard ERS unlinked total elbow arthroplasty (Ramsey et al). 2003;12:385–9
The pathoanatomy of lateral ligamentous disruption in complex elbow instability (McKee et al). 2003;12:391–6
Persistence of the olecranon physis in baseball players: results following operative management (Charlton and Chandler). 2003;12:59–62
Recurrent rupture of the triceps tendon repaired with hamstring tendon autograft augmentation: a case report and repair technique (Weistroffer et al). 2003;12:193–6 (Case rep.)
Reoperation rate after elbow synovectomy in rheumatoid arthritis (Mäenpää et al). 2003;12:480–3
Surgical technique for supracondylar fracture of the humerus with percutaneous leverage pinning (Sawaizumi et al). 2003:12;603–6
Syringomyelic neuropathic ulcer of the elbow: treatment with and external fixator (Yeap and Wallace). 2003;12:506–9 (Case rep.)
Three-dimensional corrective osteotomy for cubitus varus in adults (Chung and Baek). 2003;12:472–5
Tuberculosis of the elbow in children (Dix-Peek et al). 2003;12:282–6
Ulnar component fracture after revision total elbow arthroplasty with proximal ulnar bone loss: a report of 2 cases (Shafer et al). 2003;12:297–301 (Case rep.)

Elbow joint
Elbow joint stability following experimental osteoligamentous injury and reconstruction (Deutch et al). 2003;12:466–71
Surgical reconstruction for posterolateral rotatory instability of the elbow (Lee and Teo). 2003;12:476–9

Electromyography
Electromyographic analysis of internal rotational motion of the shoulder in various arm positions (Suenagga et al). 2003;12:501–5

EndoButton
EndoButton-assisted repair of distal biceps tendon ruptures (Greenberg et al). 2003;12:484–90

Endoscopy
Endoscopic removal of a bullet from the scapulothoracic space (Proctor and Stanert). 2003;12:89–90 (Case rep.)

Epicondylitis, lateral humeral; *see* Tennis elbow

Exercise therapy
Shoulder-strengthening exercise with an orthosis for multidirectional shoulder instability: quantita-

tive evaluation of rotational shoulder strength before and after the exercise program (Ide et al). 2003;12:342–5

F

Fats
Influence of cuff muscle fatty degeneration on anatomic and functional outcomes after simple suture of full-thickness tears (Goutallier et al). 2003:12;550–4

Floating shoulder
Clinical outcome of the treatment of floating shoulder by osteosynthesis for clavicular fracture alone (Hashiguchi and Ito). 2003:12;589–91

Fludeoxyglucose F 18
Use of 2-[^{18}F]-fluoro-2-deoxy-D-glucose positron emission tomography (FDG PET) imaging for the evaluation of muscle metabolic activity in ruptured rotator cuffs: identification of shoulder muscles by fusion imaging studies involving both FDG PET and magnetic resonance imaging (Shinozaki et al). 2003:12;544–9

Fracture fixation
Arthroscopic reduction and internal fixation of a greater tuberosity fracture of the shoulder: a case report (Bonsell and Buford). 2003;12: 397–400 (Case rep.)
Fixation of fractures of the proximal humerus with the PlantTan Humerus Fixator Plate: early experience with a new implant (Sadowski et al). 2003;12:148–51
Fixed-angle plate fixation in simulated fractures of the proximal humerus: a biomechanical study of a new device (Chudik et al). 2003: 12;578–88
The proximal ulna: an anatomic study with relevance to olecranon osteotomy and fracture fixation (Wang et al). 2003;12:293–6
Simple, minimally invasive surgical technique for treatment of type 2 fractures of the distal clavicle (Levy). 2003;12:24–8

Fracture fixation, internal
Clinical outcome of the treatment of floating shoulder by osteosynthesis for clavicular fracture alone (Hashiguchi and Ito). 2003:12;589–91

Fractures, comminuted
Excision of comminuted distal humeral lateral condyle fractures: a report of two cases (Ferlic and Lee). 2003;12:188–92 (Case rep.)

Fractures, malunited
The bony anatomy of clavicular malunions (Edelson). 2003;12:173–8
Surgical management of diaphyseal humeral nonunion after intramedullary nailing: wave-plate fixation and autologous bone grafting without nail removal (Gerber et al). 2003;12:309–13
Techniques in managing proximal humeral malunions (Siegel and Dines). 2003;12:69–78 (Review article)

Fractures, stress
Stress fracture of the first rib in a soccer player: a rare etiology of shoulder pain (Matsumoto et al). 2003;12:197–9 (Case rep.)

Fractures, ununited
Nonunion of a humeral shaft fracture after unrecognized longstanding posterior shoulder dislocation (Pater and Ziegler). 2003:12;631–4 (Case rep.)
Treatment of post-traumatic humeral diaphyseal nonunion with bone loss (Pullen et al). 2003; 12:436–41
Unstable nonunion of the scapula: a case report (Charlton et al). 2003;12:517–19 (Case rep.)

Frozen shoulder
Shoulder girdle neoplasms mimicking frozen shoulder syndrome (Robinson et al). 2003; 12:451–5

G

Glenohumeral joint
The collagen fibers of the anteroinferior capsulolabrum have multiaxial orientation to resist shoulder dislocation (Debski et al). 2003; 12:247–52
A comparison of hemiarthroplasty and total shoulder arthroplasty in the treatment of primary glenohumeral osteoarthritis: results of a multicenter study (Edwards et al). 2003;12:207–13
The effect of infraspinatus disruption on glenohumeral torque and superior migration of the humeral head: a biomechanical study (Mura et al). 2003;12:179–84
Glenohumeral articular cartilage changes in rotator cuff disease (Feeney et al). 2003;12:20–3
Glenohumeral joint translation after arthroscopic thermal capsuloplasty of the posterior capsule (Selecky et al). 2003;12:242–6
Glenohumeral joint translation after arthroscopic thermal capsuloplasty of the rotator interval (Selecky et al). 2003;12:139–43
Glenohumeral relationship in the transverse plane of the body (De Wilde et al). 2003;12:260–7
Long-term clinical and radiologic results after Eden-Hybbinette operation for anterior instability of the shoulder (Rahme et al). 2003;12:15–19
Measurement of glenoid version: conventional radiographs versus computed tomography scans (Nyffeler et al). 2003;12:493–6
A prospective functional outcome of shoulder arthroplasty for osteoarthritis with an intact rotator cuff (Orfaly et al). 2003;12:214–21
Releases of subscapularis contracture: an anatomic and clinical study (Cleeman et al). 2003;12: 231–6

Glenoid
Age-related changes of the glenoid labrum in normal shoulders (Pfahler et al). 2003;12:40–52
The anteroinferior labrum helps center the humeral head on the glenoid (Fehringer et al). 2003; 12:53–8
Does keel size, the use of screws, and the use of

bone cement affect fixation of a metal glenoid implant? (Bicknell et al). 2003;12:268–75
The effect of glenoid inclination on superior humeral head migration (Wong et al). 2003;12:360–4

Glenoid version
Measurement of glenoid version: conventional radiographs versus computed tomography scans (Nyffeler et al). 2003;12:493–6

Glomus tumor
Extradigital glomus tumor of the triceps tendon as a cause of elbow pain: a case report (Tomak et al). 2003;12:401–2 (Case rep.)

Gout
Tophaceous gout of the rotator cuff: a case report (O'Leary et al). 2003;12:200–1 (Case rep.)

H

Hajdu-Cheney syndrome
Proximal translation of the radius following arthroplasty of the distal radioulnar joint in Hajdu-Cheney syndrome (Fujioka et al). 2003;12:97–100 (Case rep.)

Hamstring tendon
Recurrent rupture of the triceps tendon repaired with hamstring tendon autograft augmentation: a case report and repair technique (Weistroffer et al). 2003;12:193–6 (Case rep.)

Hawkins impingement maneuver
Quantified measurement of subacromial impingement (De Wilde et al). 2003;12:346–9

Health status
The effect of total shoulder arthroplasty on self-assessed health status is comparable to that of total hip arthroplasty and coronary artery bypass grafting (Boorman et al). 2003;12:158–63

Hemiarthroplasty
A comparison of hemiarthroplasty and total shoulder arthroplasty in the treatment of primary glenohumeral osteoarthritis: results of a multicenter study (Edwards et al). 2003;12:207–13
Fatigue failure of a shoulder hemiarthroplasty stem: a case report (Zuckerman et al). 2003:12;635–6 (Case rep.)
Outcomes of hemiarthroplasty for fractures of the proximal humerus (Mighell et al). 2003:12;569–77

Hemodialysis
Arthroscopic synovectomy for the management of shoulder arthropathy in chronic renal dialysis patients (Coleman et al). 2003;12:144–7

Humeral fractures
Displaced intracondylar fracture of the humerus during total elbow replacement: a case report (Khatri and Broome). 2003;12:185–7 (Case rep.)
Excision of comminuted distal humeral lateral condyle fractures: a report of two cases (Ferlic and Lee). 2003;12:188–92 (Case rep.)
The proximal ulna: an anatomic study with relevance to olecranon osteotomy and fracture fixation (Wang et al). 2003;12:293–6
Surgical management of diaphyseal humeral nonunion after intramedullary nailing: wave-plate fixation and autologous bone grafting without nail removal (Gerber et al). 2003;12:309–13
Surgical technique for supracondylar fracture of the humerus with percutaneous leverage pinning (Sawaizumi et al). 2003:12;603–6
Treatment of post-traumatic humeral diaphyseal nonunion with bone loss (Pullen et al). 2003;12:436–41

Humeral fractures, proximal; *see* Shoulder fractures

Humerus
The anteroinferior labrum helps center the humeral head on the glenoid (Fehringer et al). 2003;12:53–8
The effect of glenoid inclination on superior humeral head migration (Wong et al). 2003;12:360–4
The effect of infraspinatus disruption on glenohumeral torque and superior migration of the humeral head: a biomechanical study (Mura et al). 2003;12:179–84
Evaluation of humeral head replacements using time-action analysis (Minekus et al). 2003;12:152–7
Impaction grafting improves fit of uncemented humeral arthroplasty (Hacker et al). 2003;12:431–5
Intraarticular osteoid osteoma of the proximal humerus: a case report (Miller et al). 2003;12:94–6 (Case rep.)
Shoulder arthroplasty in nontraumatic osteonecrosis of the humeral head (Parsch et al). 2003;12:226–30
Stress shielding and bone resorption in shoulder arthroplasty (Nagels et al). 2003;12:35–9

I

IBP Elbow System
The kinematic elbow axis as a parameter to evaluate total elbow replacement: a cadaver study of the iBP Elbow System (Stokdijk et al). 2003;12:63–8

Ilizarov technique
Treatment of post-traumatic humeral diaphyseal nonunion with bone loss (Pullen et al). 2003;12:436–41

Immobilization
A new method of immobilization after traumatic anterior dislocation of the shoulder: a preliminary study (Itoi et al). 2003;12:413–15

Infraspinatus tendon
The effect of infraspinatus disruption on glenohumeral torque and superior migration of the humeral head: a biomechanical study (Mura et al). 2003;12:179–84

In Memoriam
Melvin Post, MD, 1928-2002 (Cole and Gross). 2003;12:411–12

J

Joint instability
Arthrodesis as a salvage procedure for recurrent instability of the shoulder (Diaz et al). 2003;12:237–41
Balser plate stabilization: an alternate therapy for traumatic sternoclavicular instability (Franck et al). 2003;12:276–81
The effect of instability and subsequent anterior shoulder repair on proprioceptive ability (Zuckerman et al). 2003;12:105–9
Elbow joint stability following experimental osteoligamentous injury and reconstruction (Deutch et al). 2003;12:466–71
Elbow joint stability in relation to forced external rotation: an experimental study of the osseous constraint (Deutch et al). 2003;12:287–92
A 4-portal arthroscopic stabilization in posterior shoulder instability (Goubier et al). 2003;12:337–41
Long-term clinical and radiologic results after Eden-Hybbinette operation for anterior instability of the shoulder (Rahme et al). 2003;12:15–19
The pathoanatomy of lateral ligamentous disruption in complex elbow instability (McKee et al). 2003;12:391–6
Pectoralis major transfer for anterior-superior subluxation in massive rotator cuff insufficiency (Galatz et al). 2003;12:1–5
Results of suture anchor repair of anteroinferior shoulder instability: a prospective clinical study 85 shoulders (Pötzl et al). 2003;12:322–6
Shoulder-strengthening exercise with an orthosis for multidirectional shoulder instability: quantitative evaluation of rotational shoulder strength before and after the exercise program (Ide et al). 2003;12:342–5
Surgical reconstruction for posterolateral rotatory instability of the elbow (Lee and Teo). 2003;12:476–9
Joint prosthesis
Evaluation of humeral head replacements using time-action analysis (Minekus et al). 2003;12:152–7
Fatigue failure of a shoulder hemiarthroplasty stem: a case report (Zuckerman et al). 2003:12;635–6 (Case rep.)
Fixation of fractures of the proximal humerus with the PlantTan Humerus Fixator Plate: early experience with a new implant (Sadowski et al). 2003;12:148–51
The kinematic elbow axis as a parameter to evaluate total elbow replacement: a cadaver study of the iBP Elbow System (Stokdijk et al). 2003;12:63–8
Loss of subscapularis function after total shoulder replacement: a seldom recognized problem (Miller et al). 2003;12:29–34
A radiographic study of proximal radius anatomy with implications in radius head replacement (Roidis et al). 2003;12:380–4
Stabilization of acute, complete acromioclavicular joint dislocations with a new C hook implant (Ryhänen et al). 2003;12:442–55
Stress shielding and bone resorption in shoulder arthroplasty (Nagels et al). 2003;12:35–9
Joint replacement implantation; *see* Arthroplasty, replacement

K

Kirschner wires; *see* Bone wires

L

Labrum
Age-related changes of the glenoid labrum in normal shoulders (Pfahler et al). 2003;12:40–52
The anteroinferior labrum helps center the humeral head on the glenoid (Fehringer et al). 2003;12:53–8
Latissimus dorsi tendon transfer
Latissimus dorsi tendon transfer for massive rotator cuff tears: a cadaveric study (Cleeman et al). 2003:12;539–43
Letters to the editor
Fibrous connection to bone after immediate repair of the canine infraspinatus: the most effective body surface for tendon attachment (St Pierre) (Letter); (Aoki) (Reply). 2003;12:205–6
Partial medial epicondylectomy for cubital tunnel syndrome: outcome and complications (Xarchas) (Letter); (DeSmet) (Reply). 2003;12:205
Posterior surgical approaches to the elbow: a comparative anatomic study (McKee) (Letter); Wilkinson (Reply). 2003;12:204
Lift-off test
The belly-press test for the physical examination of the subscapularis muscle: electromyographic validation and comparison to the lift-off test (Tokish et al). 2003;12:427–30
Lipoma
Subacromial lipoma causing impingement syndrome of the shoulder: a case report (Relwani et al). 2003;12:202–3 (Case rep.)

M

Magnetic resonance imaging
Prediction of primary reparability of massive tears of the rotator cuff on preoperative magnetic resonance imaging (Sugihara et al). 2003;12:222–5
Sonographic versus magnetic resonance arthrographic evaluation of full-thickness rotator cuff tears in millimeters (Kluger et al). 2003;12:110–16
Muscle fibers, fast-twitch
Muscle biopsy investigations on neuromuscular insufficiency of the rotator cuff: a contribution to the functional impingement of the shoulder joint (Irlenbusch and Gansen). 2003;12:422–6
Muscle fibers, slow-twitch
Muscle biopsy investigations on neuromuscular insufficiency of the rotator cuff: a contribution to the functional impingement of the shoulder joint (Irlenbusch and Gansen). 2003;12:422–6

Muscular atrophy
Prevalence of peripheral neurologic injuries in rotator cuff tears with atrophy (Vad et al). 2003; 12:333–6

O

Olecranon physis
Persistence of the olecranon physis in baseball players: results following operative management (Charlton and Chandler). 2003;12:59–62

Orthotic devices
Shoulder-strengthening exercise with an orthosis for multidirectional shoulder instability: quantitative evaluation of rotational shoulder strength before and after the exercise program (Ide et al). 2003;12:342–5

Os acromiale
Relationship between os acromiale and acromioclavicular joint anatomic position (Gumina et al). 2003;12:6–8

Ossification, heterotopic
Entrapment of the ulnar nerve in heterotopic ossification of the elbow: a case report (Gallucci et al). 2003:12;637–40 (Case rep.)

Osteoarthritis
A comparison of hemiarthroplasty and total shoulder arthroplasty in the treatment of primary glenohumeral osteoarthritis: results of a multicenter study (Edwards et al). 2003;12:207–13
A prospective functional outcome of shoulder arthroplasty for osteoarthritis with an intact rotator cuff (Orfaly et al). 2003;12:214–21
Releases of subscapularis contracture: an anatomic and clinical study (Cleeman et al). 2003;12: 231–6

Osteoblasts
Surgical management of diaphyseal humeral nonunion after intramedullary nailing: wave-plate fixation and autologous bone grafting without nail removal (Gerber et al). 2003;12:309–13

Osteochondritis dissecans
Two cases with osteochondritis dissecans of the capitulum humeri with costal osteochondral graft transplantation (Sato et al). 2003; 12:403–7 (Case rep.)

Osteochondroma
A case of osteocartilaginous mass involving the coronoid process of the ulna: solitary osteochondroma or dysplasia epiphysealis hemimelica (Takeuchi et al). 2003;12:510–13 (Case rep.)

Osteoma, osteoid
Intraarticular osteoid osteoma of the proximal humerus: a case report (Miller et al). 2003;12: 94–6 (Case rep.)

Osteonecrosis
Shoulder arthroplasty in nontraumatic osteonecrosis of the humeral head (Parsch et al). 2003;12: 226–30

Osteosynthesis, fracture; *see* Fracture fixation, internal

Osteotomy
The proximal ulna: an anatomic study with relevance to olecranon osteotomy and fracture fixation (Wang et al). 2003;12:293–6
Three-dimensional corrective osteotomy for cubitus varus in adults (Chung and Baek). 2003;12: 472–5

Outcome assessment (health care)
The measurement of normative American Shoulder and Elbow Surgeons scores (Sallay and Reed). 2003:12;622–7

P

Pain
Persistence of the olecranon physis in baseball players: results following operative management (Charlton and Chandler). 2003;12:59–62

Pain, postoperative
Evaluation of an anesthetic pump for postoperative care after shoulder surgery (Quick and Guanche). 2003:12;618–21

Patient outcome assessment; *see* Outcome assessment (health care)

Pectoralis major muscle
Pectoralis major transfer for anterior-superior subluxation in massive rotator cuff insufficiency (Galatz et al). 2003;12:1–5
Pectoralis major transfer for serratus anterior paralysis (Steinmann and Wood). 2003: 12;555–60

Pectoralis major tendon
Delayed repair of a pectoralis major tendon rupture with allograft: a case report (Joseph et al). 2003;12:101–4 (Case rep.)

Periosteum
Parosteal fasciitis of the scapula (Marui et al). 2003;12:408–10 (Case rep.)

Peripheral nerves
Prevalence of peripheral neurologic injuries in rotator cuff tears with atrophy (Vad et al). 2003; 12:333–6

Polymerized lactic acid tacks
Failure of polymerized lactic acid tacks in shoulder surgery (Wilkerson et al). 2003;12:117–21

Postoperative complications
Rotator cuff repair in patients with type I diabetes mellitus (Chen et al). 2003;12:416–21
Warning: pulmonary embolism can occur after elective shoulder surgery—report of 2 cases and survey of the members of the American Shoulder and Elbow Surgeons (Rockwood et al). 2003:12;628–30 (Case rep.)

Pritchard ERS
Kinematics and functional characteristics of the Pritchard ERS unlinked total elbow arthroplasty (Ramsey et al). 2003;12:385–9

Proprioception
The effect of instability and subsequent anterior shoulder repair on proprioceptive ability (Zuckerman et al). 2003;12:105–9

Pulmonary embolism
Warning: pulmonary embolism can occur after elective shoulder surgery—report of 2 cases and survey of the members of the American Shoulder and Elbow Surgeons (Rockwood et al). 2003:12;628–30 (Case rep.)

R

Radiography
Measurement of glenoid version: conventional radiographs versus computed tomography scans (Nyffeler et al). 2003;12:493–6
Optimizing the radiographic technique in clavicular fractures (Sharr and Mohammed). 2003;12:170–2
Radiographic findings associated with symptomatic rotator cuff tears (Pearsall et al). 2003;12:122–7

Radioulnar joint
Proximal translation of the radius following arthroplasty of the distal radioulnar joint in Hajdu-Cheney syndrome (Fujioka et al). 2003;12:97–100 (Case rep.)

Radius fractures
Intra-articular fluid volume and restricted motion in the elbow (McGuigan and Bookout). 2003;12:462–5
A radiographic study of proximal radius anatomy with implications in radius head replacement (Roidis et al). 2003;12:380–4

Range of motion, articular
Intra-articular fluid volume and restricted motion in the elbow (McGuigan and Bookout). 2003;12:462–5
Rotator cuff repair in patients with type I diabetes mellitus (Chen et al). 2003;12:416–21

Review articles
Atraumatic conditions of the sternoclavicular joint (Hiramuro-Shoji et al). 2003;12:79–88
Isolated fractures of the greater tuberosity of the proximal humerus (Green and Izzi). 2003:12;641–9
Techniques in managing proximal humeral malunions (Siegel and Dines). 2003;12:69–78

Rib fractures
Stress fracture of the first rib in a soccer player: a rare etiology of shoulder pain (Matsumoto et al). 2003;12:197–9 (Case rep.)

Rotator cuff
Acromial spur formation in patients with rotator cuff tears (Chambler et al). 2003;12:314–21
An anatomic study of the effects on the suprascapular nerve due to retraction of the supraspinatus muscle after rotator cuff tear (Albritton et al). 2003;12:497–500
A case of locking shoulder caused by longitudinal rotator cuff tear (Horii et al). 2003;12:514–16 (Case rep.)
Coracoacromial ligament tension in vivo (Chambler et al). 2003;12:365–7
The course of the suprascapular nerve in the suprapinatus fossa and its vulnerability in muscle advancement (Greiner et al). 2003;12:256–9
The effect of glenoid inclination on superior humeral head migration (Wong et al). 2003;12:360–4
The effect of infraspinatus disruption on glenohumeral torque and superior migration of the humeral head: a biomechanical study (Mura et al). 2003;12:179–84
Electromyographic analysis of internal rotational motion of the shoulder in various arm positions (Suenagga et al). 2003;12:501–5
Glenohumeral articular cartilage changes in rotator cuff disease (Feeney et al). 2003;12:20–3
An immunocytochemical analysis of torn rotator cuff tendon taken at the time of repair (Goodmurphy et al). 2003;12:368–74
Influence of cuff muscle fatty degeneration on anatomic and functional outcomes after simple suture of full-thickness tears (Goutallier et al). 2003:12;550–4
Latissimus dorsi tendon transfer for massive rotator cuff tears: a cadaveric study (Cleeman et al). 2003:12;539–43
Mechanical environment of the supraspinatus tendon: a 2-dimensional finite element model analysis (Wakabayashi et al). 2003:12;612–17
Mode of failure for rotator cuff repair with suture anchors identified at revision surgery (Cummins and Murrell). 2003;12:128–33
Muscle biopsy investigations on neuromuscular insufficiency of the rotator cuff: a contribution to the functional impingement of the shoulder joint (Irlenbusch and Gansen). 2003;12:422–6
Pectoralis major transfer for anterior-superior subluxation in massive rotator cuff insufficiency (Galatz et al). 2003;12:1–5
Prediction of primary reparability of massive tears of the rotator cuff on preoperative magnetic resonance imaging (Sugihara et al). 2003;12:222–5
Prevalence of peripheral neurologic injuries in rotator cuff tears with atrophy (Vad et al). 2003;12:333–6
Radiographic findings associated with symptomatic rotator cuff tears (Pearsall et al). 2003;12:122–7
Rotator cuff repair in patients with type I diabetes mellitus (Chen et al). 2003;12:416–21
Rotator cuff repair in spinal cord injury patients (Popowitz et al). 2003;12:327–32
Sonographic versus magnetic resonance arthrographic evaluation of full-thickness rotator cuff tears in millimeters (Kluger et al). 2003;12:110–16
Supraspinatus tears: propagation and strain alteration (Reilly et al). 2003;12:134–8
Terrible triad of the shoulder (Simonich and Wright). 2003:12;566–8
Tophaceous gout of the rotator cuff: a case report (O'Leary et al). 2003;12:200–1 (Case rep.)
Use of 2-[18F]-fluoro-2-deoxy-D-glucose positron emission tomography (FDG PET) imaging for

the evaluation of muscle metabolic activity in ruptured rotator cuffs: identification of shoulder muscles by fusion imaging studies involving both FDG PET and magnetic resonance imaging (Shinozaki et al). 2003:12;544–9

S

Scapula

Clinical outcome of the treatment of floating shoulder by osteosynthesis for clavicular fracture alone (Hashiguchi and Ito). 2003:12;589–91

Endoscopic removal of a bullet from the scapulothoracic space (Proctor and Stanert). 2003;12: 89–90 (Case rep.)

Parosteal fasciitis of the scapula (Marui et al). 2003;12:408–10 (Case rep.)

Posterior shoulder dislocation with lesser tuberosity and scapular spine fractures (Hayes et al). 2003;12:524–7 (Case rep.)

Scapulothoracic fusion for serratus anterior paralysis (Bizot et al). 2003:12;561–5

Unstable nonunion of the scapula: a case report (Charlton et al). 2003;12:517–19 (Case rep.)

Scapulothoracic fusion

Scapulothoracic fusion for serratus anterior paralysis (Bizot et al). 2003:12;561–5

Serratus anterior muscle

Pectoralis major transfer for serratus anterior paralysis (Steinmann and Wood). 2003: 12;555–60

Scapulothoracic fusion for serratus anterior paralysis (Bizot et al). 2003:12;561–5

Shoulder

Age-related changes of the glenoid labrum in normal shoulders (Pfahler et al). 2003;12:40–52

Anterior capsular shift volume reduction: an in vitro comparison of 3 techniques (Miller et al). 2003;12:350–4

Arthrodesis as a salvage procedure for recurrent instability of the shoulder (Diaz et al). 2003;12: 237–41

Arthroscopic synovectomy for the management of shoulder arthropathy in chronic renal dialysis patients (Coleman et al). 2003;12:144–7

A case of locking shoulder caused by longitudinal rotator cuff tear (Horii et al). 2003;12:514–16 (Case rep.)

A comparison of hemiarthroplasty and total shoulder arthroplasty in the treatment of primary glenohumeral osteoarthritis: results of a multicenter study (Edwards et al). 2003;12:207–13

Coracobrachialis brevis: anatomic anomaly (Sugalski et al). 2003;12:306–7 (Anatomic note)

The distribution of shoulder replacement among surgeons and hospitals is significantly different than that of hip or knee replacement (Hasan et al). 2003;12:164–9

Does keel size, the use of screws, and the use of bone cement affect fixation of a metal glenoid implant? (Bicknell et al). 2003;12:268–75

The effect of instability and subsequent anterior shoulder repair on proprioceptive ability (Zuckerman et al). 2003;12:105–9

The effect of total shoulder arthroplasty on self-assessed health status is comparable to that of total hip arthroplasty and coronary artery bypass grafting (Boorman et al). 2003;12:158–63

Electromyographic analysis of internal rotational motion of the shoulder in various arm positions (Suenagga et al). 2003;12:501–5

Evaluation of an anesthetic pump for postoperative care after shoulder surgery (Quick and Guanche). 2003:12;618–21

Failure of polymerized lactic acid tacks in shoulder surgery (Wilkerson et al). 2003;12:117–21

A 4-portal arthroscopic stabilization in posterior shoulder instability (Goubier et al). 2003;12: 337–41

Glenohumeral relationship in the transverse plane of the body (De Wilde et al). 2003;12:260–7

Long-term clinical and radiologic results after Eden-Hybbinette operation for anterior instability of the shoulder (Rahme et al). 2003;12:15–19

Loss of subscapularis function after total shoulder replacement: a seldom recognized problem (Miller et al). 2003;12:29–34

The measurement of normative American Shoulder and Elbow Surgeons scores (Sallay and Reed). 2003:12;622–7

Pectoralis major transfer for anterior-superior subluxation in massive rotator cuff insufficiency (Galatz et al). 2003;12:1–5

A prospective functional outcome of shoulder arthroplasty for osteoarthritis with an intact rotator cuff (Orfaly et al). 2003;12:214–21

Results of suture anchor repair of anteroinferior shoulder instability: a prospective clinical study 85 shoulders (Pötzl et al). 2003;12:322–6

Shoulder arthroplasty in nontraumatic osteonecrosis of the humeral head (Parsch et al). 2003;12: 226–30

Shoulder-strengthening exercise with an orthosis for multidirectional shoulder instability: quantitative evaluation of rotational shoulder strength before and after the exercise program (Ide et al). 2003;12:342–5

Stress shielding and bone resorption in shoulder arthroplasty (Nagels et al). 2003;12:35–9

Subdeltoid approach for removal of large soft-tissue lesions beneath the deltoid muscle: report of two cases (Tamai et al). 2003;12:520–3 (Case rep.)

Terrible triad of the shoulder (Simonich and Wright). 2003:12;566–8

Total shoulder arthroplasty after attempted shoulder arthrodesis; report of three cases (Sperling and Cofield). 2003;12:302–5 (Case rep.)

Unstable nonunion of the scapula: a case report (Charlton et al). 2003;12:517–19 (Case rep.)

Warning: pulmonary embolism can occur after elective shoulder surgery—report of 2 cases and survey of the members of the American Shoul-

der and Elbow Surgeons (Rockwood et al). 2003:12;628–30 (Case rep.)

Shoulder dislocation
A cadaveric study examining acromioclavicular joint congruity after different methods of coracoclavicular loop repair (Baker et al). 2003:12;595–8
Chronic shoulder dislocations (Goga). 2003;12:446–50
The collagen fibers of the anteroinferior capsulolabrum have multiaxial orientation to resist shoulder dislocation (Debski et al). 2003;12:247–52
Grade I and II acromioclavicular dislocations: results of conservative treatment (Moushine et al). 2003:12;599–602
A new method of immobilization after traumatic anterior dislocation of the shoulder: a preliminary study (Itoi et al). 2003;12:413–15
Nonunion of a humeral shaft fracture after unrecognized longstanding posterior shoulder dislocation (Pater and Ziegler). 2003:12;631–4 (Case rep.)
Posterior shoulder dislocation with lesser tuberosity and scapular spine fractures (Hayes et al). 2003;12:524–7 (Case rep.)
A prospective arthroscopic study of acute first-time anterior shoulder dislocation in the young: a 5-year follow-up study (te Slaa et al). 2003:12;529–34
Stabilization of acute, complete acromioclavicular joint dislocations with a new C hook implant (Ryhänen et al). 2003;12:442–55
Terrible triad of the shoulder (Simonich and Wright). 2003:12;566–8

Shoulder fractures
Arthroscopic reduction and internal fixation of a greater tuberosity fracture of the shoulder: a case report (Bonsell and Buford). 2003;12:397–400 (Case rep.)
Clinical outcome of the treatment of floating shoulder by osteosynthesis for clavicular fracture alone (Hashiguchi and Ito). 2003:12;589–91
Fatigue failure of a shoulder hemiarthroplasty stem: a case report (Zuckerman et al). 2003:12;635–6 (Case rep.)
Fixation of fractures of the proximal humerus with the PlantTan Humerus Fixator Plate: early experience with a new implant (Sadowski et al). 2003;12:148–51
Fixed-angle plate fixation in simulated fractures of the proximal humerus: a biomechanical study of a new device (Chudik et al). 2003:12;578–88
Isolated fractures of the greater tuberosity of the proximal humerus (Green and Izzi). 2003:12;641–9 (Review article)
Nonunion of a humeral shaft fracture after unrecognized longstanding posterior shoulder dislocation (Pater and Ziegler). 2003:12;631–4 (Case rep.)
Outcomes of hemiarthroplasty for fractures of the proximal humerus (Mighell et al). 2003:12;569–77
Techniques in managing proximal humeral malunions (Siegel and Dines). 2003;12:69–78 (Review article)

Shoulder girdle
Shoulder girdle neoplasms mimicking frozen shoulder syndrome (Robinson et al). 2003;12:451–5

Shoulder impingement syndrome
Muscle biopsy investigations on neuromuscular insufficiency of the rotator cuff: a contribution to the functional impingement of the shoulder joint (Irlenbusch and Gansen). 2003;12:422–6
Open anterior acromioplasty with preservation of the coracoacromial ligament: a modified surgical technique (Torrens et al). 2003;12:9–14
Quantified measurement of subacromial impingement (De Wilde et al). 2003;12:346–9
Subacromial lipoma causing impingement syndrome of the shoulder: a case report (Relwani et al). 2003;12:202–3 (Case rep.)

Shoulder pain
Stress fracture of the first rib in a soccer player: a rare etiology of shoulder pain (Matsumoto et al). 2003;12:197–9 (Case rep.)

Soft tissue neoplasms
Subdeltoid approach for removal of large soft-tissue lesions beneath the deltoid muscle: report of two cases (Tamai et al). 2003;12:520–3 (Case rep.)

Spinal cord injuries
Rotator cuff repair in spinal cord injury patients (Popowitz et al). 2003;12:327–32

Spinoglenoid ligament
Spinoglenoid septum: a new anatomic finding (Bektas et al). 2003;12:491–2

Sternoclavicular joint
Atraumatic conditions of the sternoclavicular joint (Hiramuro-Shoji et al). 2003;12:79–88 (Review article)
Balser plate stabilization: an alternate therapy for traumatic sternoclavicular instability (Franck et al). 2003;12:276–81
A safe zone for resection of the medial end of the clavicle (Bisson et al). 2003:12;592–4

Stress shielding
Stress shielding and bone resorption in shoulder arthroplasty (Nagels et al). 2003;12:35–9

Subacromial impingement syndrome; *see* Shoulder impingement syndrome

Subacromial space
Subacromial infection following corticosteroid injection (Hiemstra et al). 2003;12:91–3 (Case rep.)
Subacromial lipoma causing impingement syndrome of the shoulder: a case report (Relwani et al). 2003;12:202–3 (Case rep.)

Subluxation
Pectoralis major transfer for anterior-superior subluxation in massive rotator cuff insufficiency (Galatz et al). 2003;12:1–5

Subscapularis muscle
The belly-press test for the physical examination of the subscapularis muscle: electromyographic validation and comparison to the lift-off test (Tokish et al). 2003;12:427–30
Releases of subscapularis contracture: an anatomic and clinical study (Cleeman et al). 2003;12: 231–6
Subscapularis tendon
Loss of subscapularis function after total shoulder replacement: a seldom recognized problem (Miller et al). 2003;12:29–34
Suprascapular nerve
An anatomic study of the effects on the suprascapular nerve due to retraction of the supraspinatus muscle after rotator cuff tear (Albritton et al). 2003;12:497–500
The course of the suprascapular nerve in the supraspinatus fossa and its vulnerability in muscle advancement (Greiner et al). 2003;12:256–9
Does the inferior transverse scapular ligament cause distal suprascapular nerve entrapment: an anatomic and morphologic study (Ide et al). 2003;12:253–5
Spinoglenoid septum: a new anatomic finding (Bektas et al). 2003;12:491–2
Supraspinatus fossa
The course of the suprascapular nerve in the supraspinatus fossa and its vulnerability in muscle advancement (Greiner et al). 2003;12:256–9
Supraspinatus muscle
An anatomic study of the effects on the suprascapular nerve due to retraction of the supraspinatus muscle after rotator cuff tear (Albritton et al). 2003;12:497–500
Supraspinatus tendon
Mechanical environment of the supraspinatus tendon: a 2-dimensional finite element model analysis (Wakabayashi et al). 2003:12;612–17
Supraspinatus tears: propagation and strain alteration (Reilly et al). 2003;12:134–8
Surgical procedures, minimally invasive
Simple, minimally invasive surgical technique for treatment of type 2 fractures of the distal clavicle (Levy). 2003;12:24–8
Sutures
Arthroscopic Bankart reconstruction with a bioabsorbable anchor (Barber et al). 2003: 12;535–8
Failure of polymerized lactic acid tacks in shoulder surgery (Wilkerson et al). 2003;12:117–21
Influence of cuff muscle fatty degeneration on anatomic and functional outcomes after simple suture of full-thickness tears (Goutallier et al). 2003:12;550–4
Mode of failure for rotator cuff repair with suture anchors identified at revision surgery (Cummins and Murrell). 2003;12:128–33
Results of suture anchor repair of anteroinferior shoulder instability: a prospective clinical study 85 shoulders (Pötzl et al). 2003;12:322–6
Synovectomy
Arthroscopic synovectomy for the management of shoulder arthropathy in chronic renal dialysis patients (Coleman et al). 2003;12:144–7
Reoperation rate after elbow synovectomy in rheumatoid arthritis (Mäenpää et al). 2003; 12:480–3
Syringomyelia
Syringomyelic neuropathic ulcer of the elbow: treatment with and external fixator (Yeap and Wallace). 2003;12:506–9 (Case rep.)

T

Tendon injuries
EndoButton-assisted repair of distal biceps tendon ruptures (Greenberg et al). 2003;12:484–90
Rupture of the distal biceps brachii tendon: isokinetic power analysis and complications after anatomic reinsertion compared with fixation to the brachialis muscle (Klonz et al). 2003:12; 607–11
Surgical treatment of partial distal biceps tendon ruptures through a single posterior incision (Kelly et al). 2003;12:456–61
Tennis elbow
Arthroscopic resection of the common extensor origin: anatomic considerations (Smith et al). 2003;12:375–9
Thoracic nerve, long
Pectoralis major transfer for serratus anterior paralysis (Steinmann and Wood). 2003: 12;555–60
Tomography, computed
Measurement of glenoid version: conventional radiographs versus computed tomography scans (Nyffeler et al). 2003;12:493–6
Tomography, emission-computed
Use of 2-[18F]-fluoro-2-deoxy-D-glucose positron emission tomography (FDG PET) imaging for the evaluation of muscle metabolic activity in ruptured rotator cuffs: identification of shoulder muscles by fusion imaging studies involving both FDG PET and magnetic resonance imaging (Shinozaki et al). 2003:12;544–9
Transplantation, autologous
Recurrent rupture of the triceps tendon repaired with hamstring tendon autograft augmentation: a case report and repair technique (Weistroffer et al). 2003;12:193–6 (Case rep.)
Two cases with osteochondritis dissecans of the capitulum humeri with costal osteochondral graft transplantation (Sato et al). 2003;12:403–7 (Case rep.)
Transplantation, homologous
Delayed repair of a pectoralis major tendon rupture with allograft: a case report (Joseph et al). 2003;12:101–4 (Case rep.)
Transverse scapular ligaments
Does the inferior transverse scapular ligament cause distal suprascapular nerve entrapment: an anatomic and morphologic study (Ide et al). 2003;12:253–5

Triceps tendon
Extradigital glomus tumor of the triceps tendon as a cause of elbow pain: a case report (Tomak et al). 2003;12:401–2 (Case rep.)
Recurrent rupture of the triceps tendon repaired with hamstring tendon autograft augmentation: a case report and repair technique (Weistroffer et al). 2003;12:193–6 (Case rep.)
Tuberculosis, osteoarticular
Tuberculosis of the elbow in children (Dix-Peek et al). 2003;12:282–6

U

Ulna
A case of osteocartilaginous mass involving the coronoid process of the ulna: solitary osteochondroma or dysplasia epiphysealis hemimelica (Takeuchi et al). 2003;12:510–13 (Case rep.)
The proximal ulna: an anatomic study with relevance to olecranon osteotomy and fracture fixation (Wang et al). 2003;12:293–6
Ulnar component fracture after revision total elbow arthroplasty with proximal ulnar bone loss: a report of 2 cases (Shafer et al). 2003;12:297–301 (Case rep.)
Ulnar nerve
Entrapment of the ulnar nerve in heterotopic ossification of the elbow: a case report (Gallucci et al). 2003:12;637–40 (Case rep.)
Ultrasonography
Sonographic versus magnetic resonance arthrographic evaluation of full-thickness rotator cuff tears in millimeters (Kluger et al). 2003;12:110–16

W

Wave-plate fixation
Surgical management of diaphyseal humeral nonunion after intramedullary nailing: wave-plate fixation and autologous bone grafting without nail removal (Gerber et al). 2003;12:309–13
Weight lifting
Delayed repair of a pectoralis major tendon rupture with allograft: a case report (Joseph et al). 2003;12:101–4 (Case rep.)
Wheelchairs
Rotator cuff repair in spinal cord injury patients (Popowitz et al). 2003;12:327–32
